MEAS Committee Assignments 2016-2017
(Assignments amended 8/30/16; CLO)

In the spirit of self-governance, we suggest that every faculty member volunteer to participate in at least two (2) committees. Certain committees are already active and were essentially left intact for this academic year. Vacancies are indicated. But everyone is welcome to rotate or sign onto the committees that they are most interested in. Thank you - your FAC.

Please sign up for committees by Friday, August 26, 2016. The FAC will report the composition of each committee at the September 12, 2016 MEAS faculty meeting and solicit volunteers for any vacancies. The FAC will make remaining committee spot assignments, as needed, after September 14, 2016. Note: graduate student reps are italicized.

Faculty Affairs Committee
Chris Osburn (At-large) (Chair)
David McConnell (Earth)
